APPOINTMENT SURPRISES Irish Not to Be Appeased by

Viscount French. (Associated Press.) London, May 6.—The appoint-ment of Field Marshal Viscount French as vicercy of Ireland comes somewhat as a surprise. It was known that the government was experiencing considerable difficulty in finding a successor to Baron Wimborne and that this was the reason for the delay in announcing

officially the appointment of Ed-ward Shortt as chief secretary, which was known unofficially many days ago. No one, however, anticipated such a

purely military appointment as the celebrated field marshal. Viscount French is of Irish extraction. He has a seat in Ireland, is colo nel of Irish regiments and a popular hardly likely to reconcile the Irish peo-ple, for they will see in it nothing but threat to put conscription into ef.

Order Effective at Chickamauga, Where 30,000 Pounds Is Baked Each Day.

Army bread will be made of a 20 per cent, catmeal flour from now un il the 1918 wheat crop is harvested. Orders for the partial substitution of oatmeal or rice flour for whole wheat were recently received at the ytle Bakery companies,

This order applies only to cantonment bakeries, not to field bakeries. The object of the discrimination is to protect the diet of the boys at the front, but by the curious fact that part of the Lytle bread is baked out of doors in field bakeries, ther will still be left a source of whole wheat bread for the Oglethorpe soldiers.

The Q. M. C. at Chickamauga bakes 30,000 lbs of bread daily. In a further ruling of the food de-partment at Washington all organization commanders are required to have their mess sergeants serve corn muffins three times a week.

NEW ORLEANS COTTON. New Ofleans, May 6.—Nervous and swift price changes over a fairly-wide swift price changes over a fairly-wide range featured the early trading in cotton here today. Rains in the western belt caused buying on the first call, which put active months 21 to 35 points up, but heavy offerings met this advance and sent the market 8 to 20 points below Saturday's close. Buying again set in and at the end of the first half-hour prices were 15 points up, net.

Crop complaints from many sections of the belt, both east and west, and rumors of new peace overtures from Germany increased the semand. In the trading up to noon prices were sent 48 to 85 points over Saturday's final figures.

OFFICIALS TO PROBE COMPLAINT OF GIRL

Her Mother Claims She Was Roughly Treated in a Physical Examination by Authorities.

Judge S. D. McReynolds, together with T. Pope Shepherd and Fred W. Hill, went through the jail Monday and talked with each and every woman confined there in an effort to get at the facts in each case. The visit is being made following a complaint made to the court officials Monday by the mother of a 12-year-old girl who, it was claimed, had been mistreated by some of the provost guards. The mother stated her daughter was taken to headquarters, where she was put Hill. to headquarters, where she was through a physical examination which rendered her ill.

There are at present fewer women confined in the jail than at any other time since the encampment at Fort Oglethorpe. The work of Capt. Kern and the provosts has about cleared the town of all immoral women, as well as made bootleg whisky a scarce article. There are a number of women confined at Erlanger and as soon as they are well they will be tried and, if found guilty, will be interned in the new separate workhouse for women, which is now being constructed.

Committee Named to Select a New Chairman-Luncheon at Mountain City Club.

Dr. Tom S. McCallie, W. E. Brock and C. C. Nottingham comprise a subcom-mittee named today to select a chair-man and perfect an organization for the 5135 000 Red Cross drive. The old com-mittee of about thirty members which had charge of the canvass a year ago was entertained by its chairman, J. T. Lunton, at the Mountain City club, and after much discussion this action was taken. Each of those present wrote a suggestion of a name for the chairman-ship, to succeed Mr. Lupton, who is unable to serve longer, and these names will be considered by the committee. ien, Lewis Coleman, in a eulogistic talk, suggested Mercer Reynolds for the place, and this was widely seconded, but Mr. Reynolds said he could not accept. In the course of the luncheon Commis ner T. C. Betterton proposed that fund he raised by those present and others in the city for a purse for Capt-icemeth Kern, who is soon to leave here, and in a few minutes a consider-

"Farry" Lawson's presence as an uninvited guest at the home of Pearl Locke in Churchville last night broke ip a considerable-sized drinking party. When the officer arrived there were about thirty in the party drinking out of a camouflage bottle, which was marked Coca-Cola, but was in reality corn liquor, full of fights and head-aches. The officer placed Pearl under arrest and took in charge two gallons of corn whisky which he found on the premises. The woman was taken before Squire Kerby and held to the grand jury. The woman admitted that she had the liquor and would pour Coca-Cola into it in order to make it red. She said she could get a better price for red liquer than for corn liquor.

GEN. WHITAKER NOT YET **READY TO TALK POLITICS**

Laughs at Rumor of Being Independent Candidate for Attorney-General.

"I am positively not a candidate for attorney-general, and if I had wanted the office I would have run for it before the democratic party and not in-dependently," said Gen M. N. Whita-ker when asked regarding a rumor that he would announce for attorney-general and receive the republican indorsement. There was an effort on the part of many the past week to get Gen. Whitaker to announce for circuit judge, but this the general refused to do. Gen. Whitaker would make no definite announcement regarding his future plans and as to whether he would oppose Judge Moon for congress, but said he might have something to give out a little later. It will be re-membered that several months ago in an address to the executive committee accept the nomination for congress if it were tendered him. He said that he had served the people a long time as their attorney-general, and if they called him for higher things he would be found ready and willing.
